

What are COVID-19 reports telling us about the Green Economy?

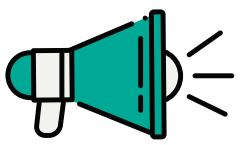

Research reports are telling us vital information on how COVID-19 is impacting our communities and the economy, and offer up expert-based recommendations on what needs to change to truly build back better - now is the time to listen.

Here's what we have learned about the Green Economy...

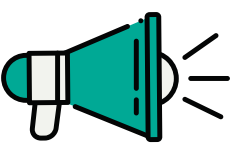

Reccomendations:

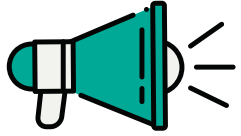

Make buildings fit for the future

Deploy large scale greening of public and community spaces

Pedestrianize public spaces

Encourage and equip the use of clean transport methods

Why?

- 1 Decarbonise buildings and improve energy efficiency
- 2 Create good quality and sustainable jobs
- 3 Address the pressing environmental crisis

Who is asking?
