

What are COVID-19 reports telling us about the Social Economy?

Research reports are telling us vital information on how COVID-19 is impacting our communities and the economy, and offer up expert-based recommendations on what needs to change to truly build back better - now is the time to listen.

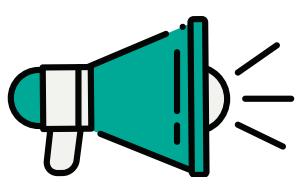

Here's what we have learned about the social economy...

Invest in the Social Economy sector

1

Accelerate its growth and provide sector with essential support for self-sustainability

Establish a clear sector strategy which prioritises the growth of the sector through its socially trading organisations

1

Reduce the dependence on few large employers, providers, and places

2

Grow and sustain grassroots organisations
